Students of Delhi Centres have qualified
in JSTSE, 2013 - 14

**A total of 158 Students
have qualified in JSTSE, 2013-14**

Knowing very well that getting into the IITs is just the first step, our Students are ready for a life full of Success & Excellence !

Let's share a common story about 2 Students Jitender & Dungra Ram and many more like them who got into IITs with a rank among Toppers. This was made possible by following a rigorous training schedule & completely ignoring sports, relaxation, extracurricular activities and social interaction & development - akin to a situation where a person is being trained like a commando with a single purpose of getting a Top Rank in IIT-JEE. But what happened to them after getting into IITs ? Almost all such Students struggle to do well in their respective departments in IITs - showing signs of tiredness and burn-out phenomena in their lives. Most of such Students are languishing in their Career and are unable to handle their lives effectively.

Should Parents push their children like this for realising their own dream ?

Though an inspiring & beautiful one, getting into IITs is still only a first step towards a successful life. That is why FIITJEE Students are groomed & trained for Optimal Success not only in IIT-JEE but more importantly within the IITs and throughout their lives and career. Such Holistic development cannot happen by just making a Student go through a rigorous regime of rote learning and in the process also eliminating School, physical activity & other very important personality developmental opportunities from the Student's life. And that's where FIITJEE Students have an unmatched advantage. They go through a system that enables them to **master & make Physics, Chemistry & Mathematics an enjoyable part of their DNA, raise their IQ Level, build Focus & Confidence, handle Stress & Failures, lay emphasis on physical fitness and infuse Determination, Positive Attitude & Superior Time Management skills.**

Where winning is a habit !
